

## Internship

Oliver Hayes, DO FACEP  
Program Director &ndash; Traditional Rotating Internship

Exemplary training is achieved at Montgomery Regional Hospital as a result of talented faculty who are committed to teaching in a small-group environment. The hospital's commitment to quality measures and patient safety carries over to our internship and residency programs. I encourage you to search our site and learn about the unique training experience we are providing at Montgomery Regional Hospital. Visit us often to learn about new programs. I look forward to communicating with you soon.

At Montgomery Regional Hospital, we are committed to not only exceptional medical training, but also to the development of each physician's human spirit. [Click here for more information: #176251](#)
